### Barn News

The Executive Director, Ellen Fischer, and two Bethany students will be attending the United States Pony Club annual meeting in New Orleans to promote and recruit students for Bethany College and Peace Point Equestrian Center.

In completion of three shows the Bethany College Intercollegiate Riding Team finished within the top ten intercollegiate teams in our zone.

Peace Point Equestrian Center has bid the Intercollegiate Coach and Head Instructor, Barb Armbricht, a farewell and would like to thank her for all of her contributions to the center and the team. We would like to welcome Kerri Gregg as our new Head Instructor and Intercollegiate Coach and we look forward to sharing the second semester riding experience with her.

This semester Kerri Gregg will be teaching several courses with the equine students from wellness to barn management. Also, our Anatomy and Physiology class will be conducted by Kelly Jones, DVM, which will also be Peace Point Equestrian Center's new veterinarian. Peace Point would also like to welcome Bob Riggle to our staff. He will be the driving instructor for Bethany students and will also offer lessons to the public.

In December, PPEC was fortunate to receive two donation horses, Merlin and Archie. Both have turned out to be excellent horses for our program. (Photo features above)

### Upcoming Events.....

- \* Jan. 14th-16th : USPC Annual Meeting
- \* Jan. 17th : Spring Semester Begins
- \* Feb. 20th: First Intercollegiate Meet of second semester in Carlisle, PA.

A Point to Ponder....

One can embrace educational opportunities while pursuing his or her love for horses!

## Barn News Continued...

Our second barn and first indoor arena are ninety nine percent completed. Second semester has arrived and our students will be fortunate enough to have the opportunity to use this new facility and ride no matter what the weather.

Peace Point Equestrian Center and the Intercollegiate Team would like to personally invite any perspective students, incoming students, or guests to visit our facility and take a tour. Our staff would be delighted to meet you and answer any questions you may have.
